

## Buzz Cycles special 'RockShox Pike Ultimates' RC2 27.5 boost 140mm

The RockShox Pike Ultimate is equipped with the completely re-tuned Charger™ 2.1 damper that allows the fork to ride higher in travel on compression while keeping the tires planted to the ground on rebound for unmatched control. To improve overall fork performance, we've included new SKF wiper seals, SKF damper cartridge seals, and Maxima Plush fluid to reduce friction. New Charger™ 2 RC2 damper options and a new Signature Silver colorway all add up to the best performing trail fork on the market.
